

Kids in Maryland understand the importance of getting the COVID vaccine. It's a big deal, especially to them. They're excited about it and all the things they can resume doing after they're vaccinated. Getting vaccinated gives them protection and confidence. Take it from the experts! These kids have lots of reasons to make sure Marylanders 6 months and older are vaccinated.

Dominique (Baltimore, MD)

"COVID is a serious thing and I don't want that serious thing in my body."

"I was totally brave. It was like that fast. She just gave me a shot and put a band aid on it."

Alayshia and Oziah (Baltimore, MD)

Tysie (Columbia, MD)

"Before you know it, it will be over and you're just going to be safe."

Faseeha (Howard County, MD)

"I feel happy because now I'm protected."

Scan here to watch what real kids have to say about getting the COVID-19 vaccine.

Across the state and in many languages,
Maryland kids urge you to get vaccinated!

مرل، ٲب صااال COVID ااقل ٲقلل دعب
بن ااب ٲل مارك ءااارا ل رطضم دوعأ
”اااوا ٲااا“

Malaal (Columbia, MD)

“¡Maryland,
vacúnate!”

Natalia and Valeria (Columbia, MD)

“애들아, 주사 맞아!”

Max and Eva (Columbia, MD)

Kids 6 months and older are eligible for the COVID vaccine. The vaccine has met FDA’s scientific standards for children’s safety. Clinical trials show the vaccine is effective at preventing serious illness from COVID-19 for children ages 6 months and older. There are lots of reasons for kids to get the COVID-19 vaccine. Just take it from them! To make an appointment call your doctor or visit covidvax.maryland.gov.
